THE PRE-APPROVED MCA

WITH AUTO RENEWAL

NEW COMMISSION OPPORTUNITIES EVERY FORTNIGHT

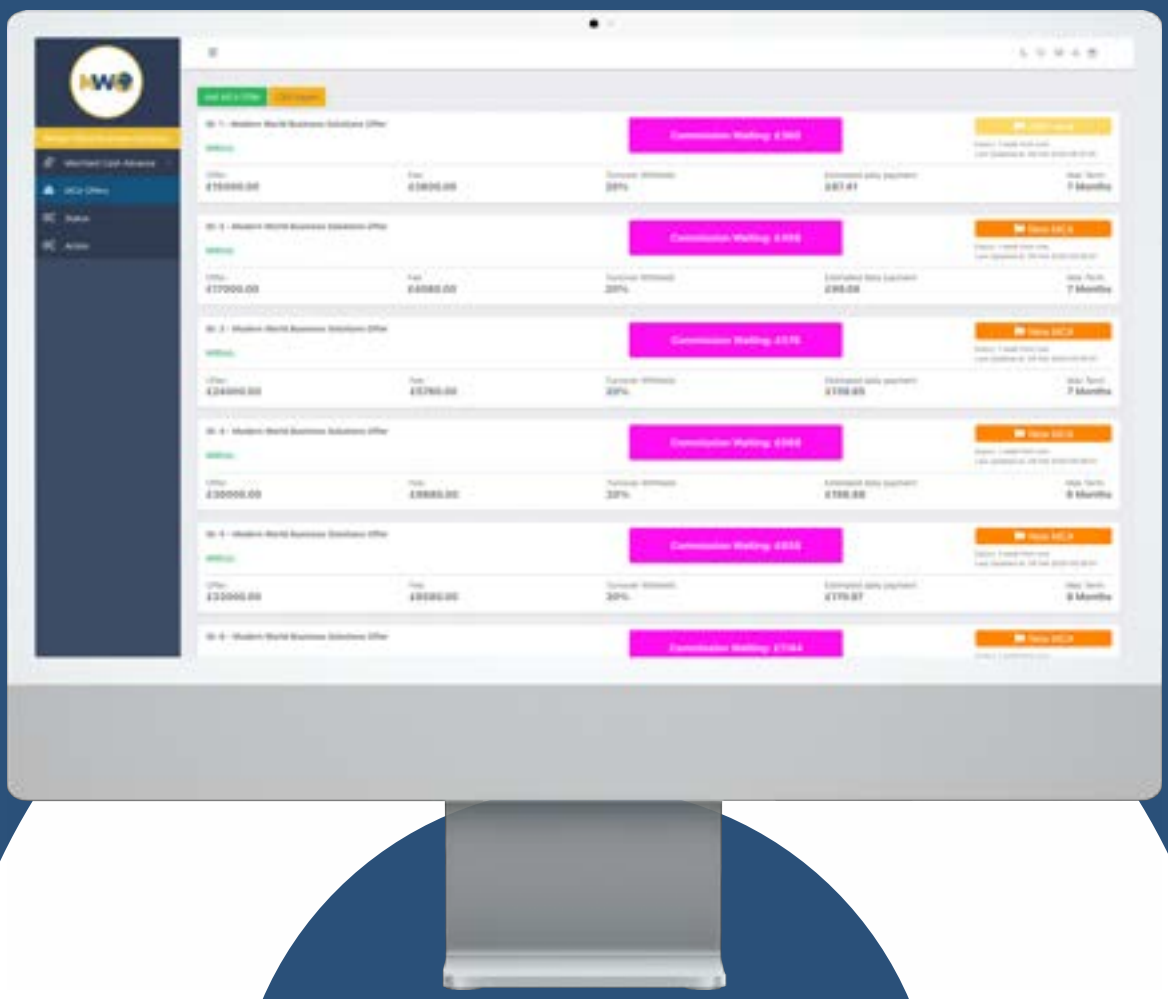
Partners can now earn **commission** on pre-approved Merchant Cash Advance offers, tailored specifically to their **Elavon Merchants**.

These MCA Offers are **pre-approved and fully under-written**, and are accessed exclusively via our Partner Portal.

Offers will refresh and update every two weeks, giving you **new commission opportunities,** every fortnight.

MCA Offers are **sourced** by **MWBS** and **pre-approved** by **Recap**.

Better still, we've added an **auto-renewal** feature, available for all eligible Merchants, giving Partners even **more commission** opportunities.



WE'VE DONE THE HARD WORK

- MWBS takes transaction data from the card terminals of **Elavon Merchants** you've already on-boarded.
- Our Partner, Recap, assess MCA eligibility based on **anonymised data** from card transactions.
- **Pre-approved** MCA Offers from Recap are put straight back into the Partner Portal for you to sell.
- You can send an MCA Offer **with your branding** straight to a Merchant from our Partner Portal.
- Every two weeks, **we** refresh the card transaction data, and give **you** more opportunities to sell.
- We'll even add any new Elavon Merchants in the Partner Portal to the system automatically!
- All you have to do is check your inbox to see which of your Merchants are eligible for an MCA Offer.
- Head to The Portal to send them an email (in your branding).
- And in just a few clicks, you'll earn **15% commission** on the Advance Fee for any accepted pre-approved MCA Offer.
- When a Merchant accepts an MCA Offer, they must accept the Privacy Policy - This allows us to send their details to Recap.
- Recap will then start the onboarding process, and funds are usually arranged **within 48-72 hours**.
- Partners can invoice us once funds have cleared, and we'll **pay** the following **Friday**.
- Eligible Merchants will also automatically be offered an MCA renewal. If accepted, Partners will earn **10%** of the Advance Fee as standard.

FOR PARTNERS

Everything you need to view, track and send your MCA Offers can be found in the Partner Portal.

Each fortnight, you'll get an email with the MCA Offers for your Merchants.

You can see these any time in the Partner Portal under 'Merchant Cash Advance'.

- Offers will automatically update every two weeks, and you'll get a new email with the new MCA Offers.
- Pre-Approved MCA Offers are only available to Elavon Merchants.

You'll see a table with a detailed breakdown of all the MCA Offer figures, along with the commission you'll receive.

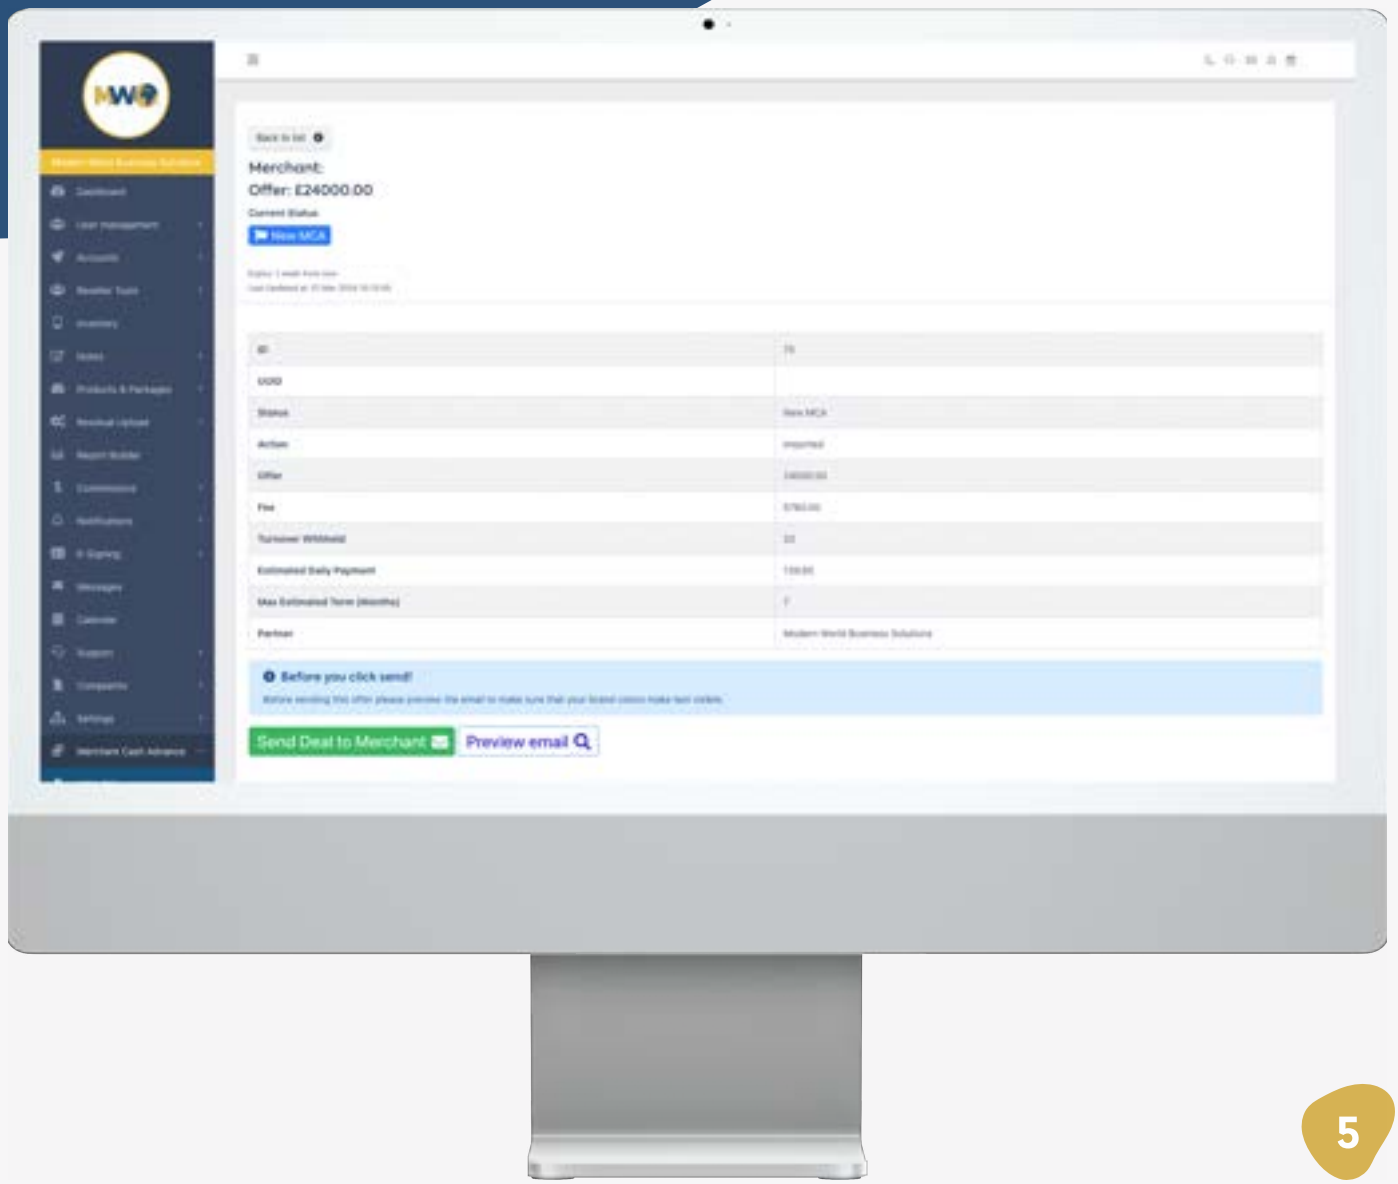
SENDING AN OFFER

MCA Offer emails are sent from the Partner Portal. As always, these are sent with **your branding.**

To check your branding is correct, you can preview the email before you send it using the button at the bottom.

If the colours aren't showing up correctly, just let us know and we'll change it in the Portal.

When you're ready to send an offer to The Merchant, click the green button.



All emails are branded in Partner colours - the email below shows what this looks like with MWBS colours.

The email has a CTA button which will lead them to a dedicated page, with the same detailed breakdown of the figures specific to their MCA that you can see in the Partner Portal.

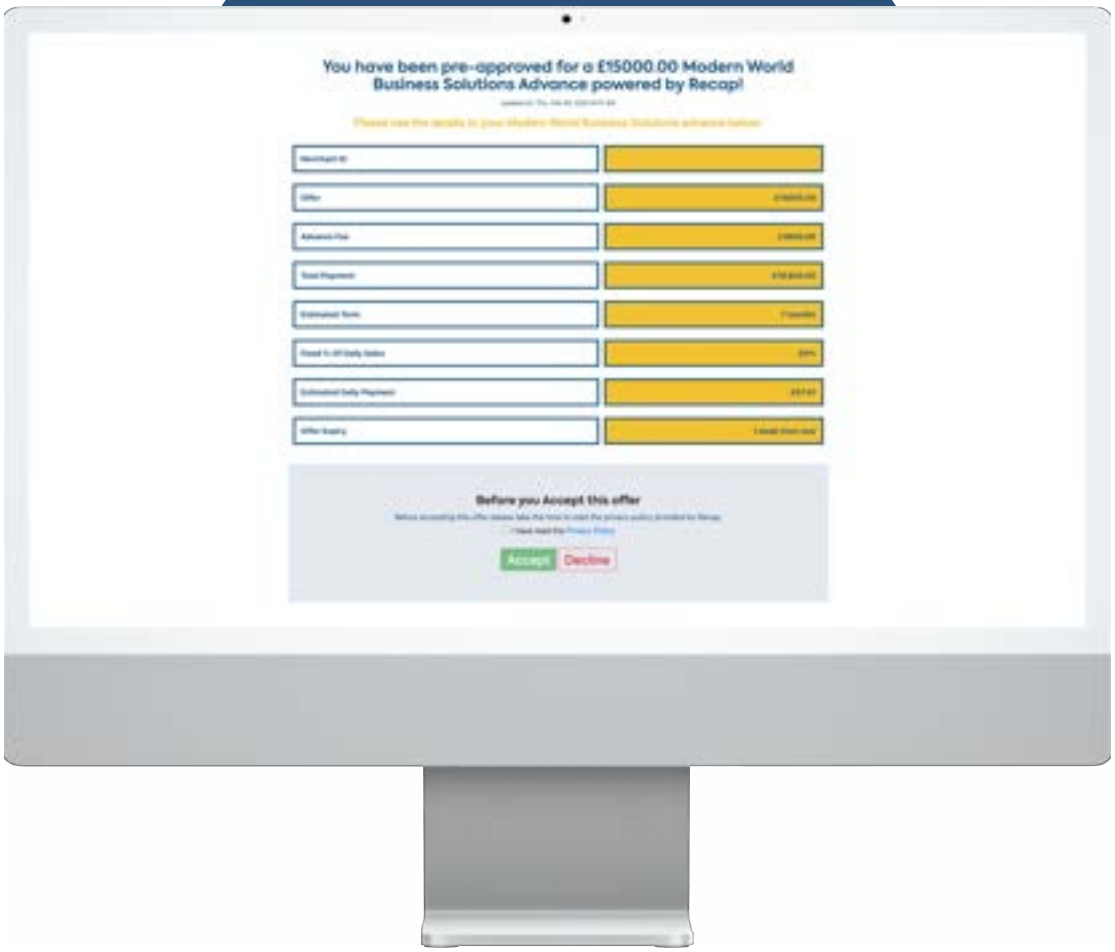
On their dedicated page, the Merchant will have to check a box saying they've read the Recap Privacy Policy to accept the MCA Offer.

This is a crucial step.

A Merchant accepting the Privacy Policy means we can de-anonymise the data, allowing Recap to contact the Merchant directly, and start the onboarding process.

Whether they Accept or Decline, the Partner will get an email notifying them of the Merchant's decision.

Note: The Merchant will not see commission opportunities!

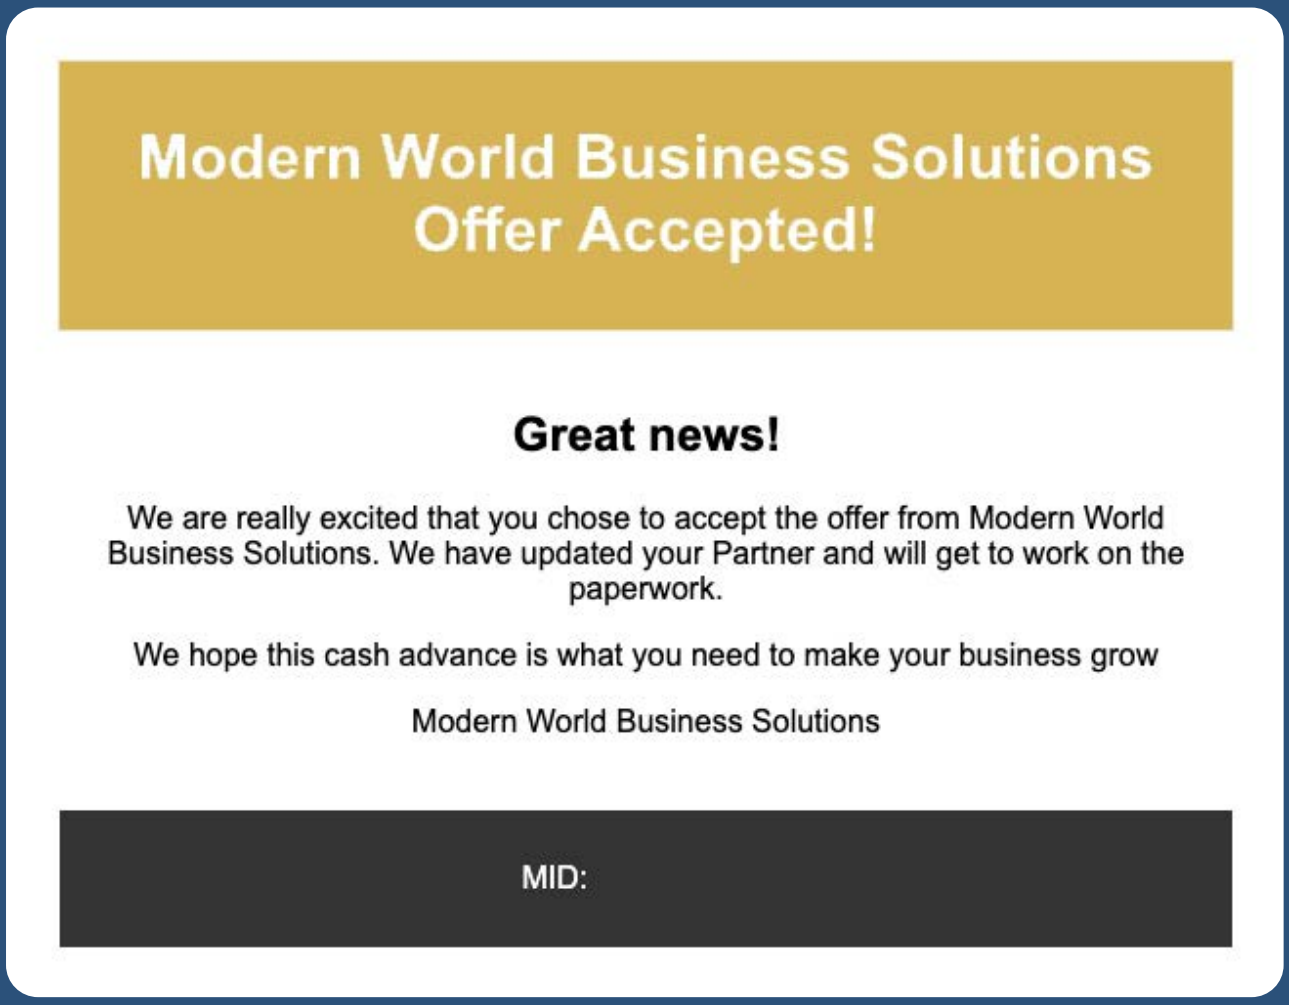


ACCEPTED OFFERS

If the Merchant accepts an MCA Offer the Partner will receive an email saying they've accepted.

The Merchant's data is de-anonymised and passed to Recap, who begin the onboarding.

Money is usually transferred within as little as 48-72 hours, after a successful onboarding.



Modern World Business Solutions Offer Accepted!

Great news!

We are really excited that you chose to accept the offer from Modern World Business Solutions. We have updated your Partner and will get to work on the paperwork.

We hope this cash advance is what you need to make your business grow

Claiming Commission

Partners can claim their commission by invoicing us the Thursday that the Merchant receives their funds. As always, we'll settle the invoice the following Friday.

Declined Offers

Even if a Merchant declines an offer, their data will still update via Recap to provide new MCA Offers for them every fortnight.

AUTO RENEWALS – NEW COMMISSION

Merchants with an MCA already in place may also be eligible for a **renewal offer,** which means even **more commission** opportunities.

After three months, or when 30% of the original MCA is repaid (whichever is first), Merchants will automatically be offered a renewal of their MCA.

Eligibility for this renewal offer is again based on card turnover data, but since The Merchant is already under an agreement with Recap, the data is no longer anonymous.

Recap will send MCA Renewal Offers directly to Merchants & their Partners.

Any accepted MCA Renewal will net the Partner 10% commission of the Renewal Advance Fee, **even if The Merchant accepts it directly from Recap!**

WRAPPING UP

We're excited to bring you this new update available exclusively to Elavon Merchants via the MWBS Partner Portal.

This is your opportunity to sell the pre-approved MCA Offer and earn commission on the data that works for you while you sleep.

We'll have more detailed documentation on the individual steps coming shortly, but for now, if you have any questions, just reach out to one of the team who will be happy to help.
